

The Communal Co-operative Credit Union is pleased to announce the introduction of its International Debit Card with  Experience. Grenada Co-operative Bank Limited (Co-op Bank), the Grenada Public Service Credit Union Limited (GPSCCU), in conjunction with the Caribbean Credit Card Corporation (4C's) formed the  brand, and began issuing  Branded cards in 2010.

This International Debit Card represents another effort by the Communal Co-operative Credit Union in providing various avenues to serve its 17,000 members who are from diverse backgrounds. This latest initiative of the  branded card is in addition to the convenience provided through extended branch service and hours of work. With

an asset size of \$80.0 M, we continue to expand and improve our product and service offerings and extol “To Grow with us, Save with us.”

Members of the Communal and of GPSCCU as well as Co-op Bank customers are all being provided with safe, convenient and easy purchases and with access to over thirty (30) million merchants worldwide. These cardholders would no longer need to carry large amounts of cash; and merchants can enjoy instant processing and confirmation of transactions.

When members and customers use their  branded Visa International Debit Card at  branded ATMS and Point of Sale Machines, they automatically receive the added benefit of reduced cardholder transactions fees compared to use at other ATMs and POS Machines. The  Logo identifies the ATMs and Merchants which facilitate this unique experience.

These three Indigenous Institutions: the Caribbean Credit Card Corporation, the Grenada Public Service Co-operative Credit Union and the Grenada Co-operative Bank Limited, that gave birth to the  Brand, formed the company “CONNEX (GRENADA) INC.” as a means of extending the network and hence the  Experience locally and within the OECS region.

CONNEX (GRENADA) INC.

The owners and founding shareholders of the  Brand are committed to providing the citizens of the Eastern Caribbean with the modern convenience of easy and cost effective full electronic access to their funds, while traveling within the states of the OECS. In furtherance of this commitment the Company will permit any indigenous financial institution to become a participant within the  ATM and POS networks through sponsorship by anyone of the founding shareholders.

The company is committed to the use of best practice operating standards and continued compliance with regulatory bodies at all times, at maximum effectiveness

and minimum cost. It will endeavour to pursue the usage of the latest available infrastructure to meet the expectations of all participants within its ATM and POS networks, taking into consideration the ever changing demands of the market place.
